STATE SUPERINTENDENT *of* PUBLIC INSTRUCTION
OKLAHOMA STATE DEPARTMENT *of* EDUCATION

MEMORANDUM

TO: The Honorable Members of the State Board of Education
FROM: Joy Hofmeister
DATE: September 24, 2020
SUBJECT: Deregulation for Library Media Specialist Certificate Exemption

The following school is requesting exemption from library media certification requirements pursuant to 70 O.S. § 3-126 for the 2020-2021 school year. A certified teacher will be used as the librarian while pursuing library media certification. Approval is recommended.

Section 42.8. Requirements for Exemption.

A. A school district may develop an educational improvement plan which includes exemption for the educational-related statutory requirements set forth in subsections C of this section and State Board of Education rules for the school district, a school site or any program, grade level, consortium of schools or school districts or other group within the school district. The board of education of the school district shall, through adoption of a resolution, approve the plan prior to application being made to the State board of Education.

B. Each educational improvement plan approved by the State Board of Education shall include the following components:

1. A description of the educational benefits to be derived;
2. A definition of the standards of the plan;
3. Development of definitive work products, such as site improvement plans and progress reports;
4. Demonstration of collaboration by teachers, administrators, higher education representatives, students, parents/families, and the community;
5. Development and the use of an assessment mechanism to determine progress in meeting the goals and objectives of the plan;
6. Development of an in-service training plan to be provided to personnel at the site who will participate in the project;
7. Report on the results of the plan to the State Board of Education and provision of appropriate technical assistance to other school districts and the State Department of Education as required; and
8. Explanation of how the plan will affect other schools, program or sites in the district.

C. Each educational improvement plan shall include a list of the specific educational-related statutory requirements and State Board of Education rules the school district is requesting an exemption from and why each exemption is necessary to success of the plan. The school district shall not be granted an exemption from federal educational-related requirements. A school district may request an exemption from any statutory requirement or State Board of Education rule not related to bilingual and special education programs, health and safety provisions, school finance, State Aid, pupil formula weights, teacher salary and teacher retirement, the Oklahoma School Testing Program, the Oklahoma Educational Indicators Program and the teacher preparation, examination, licensure, certification, residency and professional development system. The State Board of Education may grant district-wide exemptions from certification requirements for Library Media Specialist to districts experiencing a shortage in this area. The State Board of Education may grant an exemption from certification requirements for superintendents to any district with an unweighted average daily membership over twenty-five thousand (25,000). (70-3-126)

A. Reason for the waiver/deregulation request (be specific).

The District seeks permission to hire Matthew Blanchard, a certified teacher with classroom experience for Jefferson Elementary School's school librarian position. Attached please find his letter of commitment and course schedule.

Matthew Blanchard has been a classroom teacher and is enrolled in six hours this summer towards his MLIS degree through the University of Oklahoma School of Libraries and Information Studies. Mr. Blanchard is also currently enrolled in six credit hours for Fall 2020. Therefore, Norman Public Schools is requesting a one year waiver enabling him to work at Jefferson Elementary School.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

Mr. Blanchard will be provided release time to attend mandatory training/workshops. These comprise a total of 21 hours. These trainings will focus on best practice in school library programs and state and national American Association of School Librarians standards. In addition, this librarian will attend 12 hours of Guided Inquiry training focused on co-teaching and collaboration of research strategies between classroom teachers and librarians. He will be required to observe and visit librarians throughout the district. He is required to be enrolled at the University of Oklahoma School of Library and Information Studies MLIS program until completed.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

Mr. Blanchard will be mentored by other librarians (elementary and secondary) in the district in order to ensure that library standards are met for the students of Jefferson Elementary School. The Director of Libraries and Instructional Technology will provide direct assistance to ensure the provision of quality library services to all students and staff at Jefferson Elementary School.

D. Timeline: (Please submit class schedule, calendars, assessment forms and other attachments as necessary.

A waiver/deregulation can only be granted for a one school year period)

NOTE: A School District Empowerment Waiver can be for up to 3 years.

*August 2020: Attend back to school librarian meeting.

*September 2020-May 2021: Complete librarian observations. Attend meetings for new librarians throughout the year.

*September 2020-May 2021: Attend regular librarian workshops focused on best practice in school library programs and national American Association of School Librarians standards.

*Fall 2020/Spring 2021: Attend 12 hours of Guided Inquiry training each semester.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

Allows District to focus funding as needed.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Mr. Blanchard will be evaluated on the Marzano Teaching Evaluation which will consist of the Jefferson Elementary School Principal conducting walkthroughs, informal, and formal observations with pre and post conferences. The Director will consult with the building principal in the evaluation process. Mr. Blanchard will submit an annual report documenting his progress in supporting learner success.

** You will be contacted if more information is needed to process this request.

19 May 2020

To Whom It May Concern,

I am writing to express my intent to receive my Master's of Library and Information Studies. I have been employed as a teacher at Norman Public Schools for 2 years, and I was recently hired as the school librarian at Jefferson Elementary for 2020-2021. I have been accepted to the University of Oklahoma School of Library and Information Studies. I plan to graduate in the spring of 2022. I am currently enrolled for 6 hours of courses for Summer 2020, and I plan to take 6 hours in the Fall 2020 session.

Thank you,

A handwritten signature in black ink, appearing to read "Matthew Blanchard", with a stylized, cursive script.

Matthew Blanchard

RELEASE: 8.7.1

Norman Public Schools
131 South Flood Avenue
Norman, Oklahoma 73069
www.normanpublicschools.org

May 28, 2020

Accreditation/Standards
Oklahoma State Department of Education
2500 N. Lincoln Blvd.
Oklahoma City, OK 73105

To Accreditation Division:

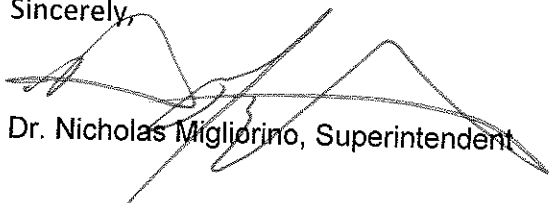

Norman Public Schools is seeking a one-year waiver to Standard VII concerning staffing of school libraries. This waiver allows Norman Public Schools to provide quality library services in a time of national and statewide shortages of certified school librarians.

Norman Public Schools hires certified school librarians when available. This waiver will allow NPS to employ a certified classroom teacher, Matthew Blanchard, to fill the school librarian position at Jefferson Elementary School. An intensive mentoring and training program is in place to support Mr. Blanchard. He is enrolled in 6 hours in the MLIS program at the University of Oklahoma School of Library and Information Studies. Additionally, Mr. Blanchard is enrolled in six hours for Fall 2010. Therefore, Norman Public Schools is requesting a one year waiver enabling him to work as the school librarian at Jefferson Elementary School.

This waiver opportunity will enable us to meet our goal of providing every student the services of a highly qualified school librarian.

Therefore we respectfully seek a one-year Statutory Waiver to 70 O.S. § 3-126. Thank you for your consideration of this waiver. We appreciate your continued support, and will be happy to discuss the request in detail.

Sincerely,

Dr. Nicholas Migliorino, Superintendent

Mission: To prepare and inspire all students to achieve their full potential

Values: Integrity | Inclusiveness | Collaboration | Optimism

NAME OF WAIVER

Statute/Oklahoma Administrative Code to be Waived:

(specify statute or OAC (deregulation) number; (see instructions))

*Original signatures are required. The attached questionnaire must be answered to process.**

A. Reason for the waiver/deregulation request (be specific).

The District seeks permission to hire a certified teacher with extensive classroom experience for Whittier Middle School. Attached please find her letter of commitment and course schedule.

Kathryne Stevens has been a classroom teacher and is currently enrolled in the Masters of Library and Media Studies program at the University of Oklahoma. Ms. Stevens is enrolled in 6 hours this summer. She plans to complete her program in the spring of 2022. Therefore, Norman Public Schools is requesting a 1 year waiver enabling her to work at Whittier Middle School.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

Ms. Stevens will be provided release time to attend mandatory training/workshops. These comprise a total of 15 hours. These trainings will focus on best practice in school library programs and national American Association of School Librarians standards. In addition, this librarian will attend 12 hours of Guided Inquiry and making training focused on co-teaching and collaboration of research strategies between classroom teachers and librarians. She will be required to observe and visit librarians throughout the district. She is required to be enrolled at the University of Oklahoma School of Libraries and Information Studies MLIS program until completed.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

Ms. Stevens will be mentored by other librarians (elementary and secondary) in the district in order to ensure that library standards are met for the students of Whittier Middle School. The Director of Libraries & Instructional Technology will provide direct assistance to ensure the provision of quality library services to all students and staff at Whittier Middle School.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

- * August 2020: Attend back to school librarian meeting.
- * September 2020 - May 2021: Complete librarian observations. Attend meetings for new librarians throughout the year.
- * September 2020 - May 2021: Attend regular librarian workshops focused on best practice in school library programs and National American Association of School Librarians Standards.
- * Fall 2020/Spring 2021: Attend 12 hours of Guided Inquiry training each semester.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

Allows District to focus funding as needed.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Ms. Stevens will be evaluated on the Marzano Teaching Evaluation which will consist of the Whittier Middle School Principal conducting walkthroughs, informal, and formal observations with pre- and post-conferences. The Director will consult with the building principal in the evaluation process. Ms. Stevens will submit an annual report documenting her progress in supporting learner success.

To Whom it May Concern,

I was a teacher at Whittier Middle School from 8/2016 to 1/2020, when I was hired as the Librarian at Whittier. I finished the 19-20 school year as the Librarian and intend to continue as Whittier's librarian for the 20-21 school year. I completed one course for the OULIS program in the Spring of 2020 (three hours) and am currently enrolled in two courses for the Summer of 2020 (six hours) and two for the Fall of 2020 (six hours). I am currently on track to graduate in the Spring of 2022.

Thank you for your time,

Kathryne Stevens

Accreditation/Standards
Oklahoma State Department of Education
2500 N. Lincoln Blvd.
Oklahoma City, OK 73105

To Accreditation Division:

Norman Public Schools is seeking a one-year waiver to Standard VII concerning staffing of school libraries. This waiver allows Norman Public Schools to provide quality library services in a time of national and statewide shortages of certified school librarians.

Norman Public Schools hires certified school librarians when available. This waiver will allow NPS to employ a certified classroom teacher, Kathryne Stevens, to fill the school librarian position at Whittier Middle School. An intensive mentoring and training program is in place to support Ms. Stevens. Kathryne Stevens completed 3 hours of her coursework this spring and is currently enrolled in 6 hours in the MLIS program at the University of Oklahoma School of Library and Information Studies. Additionally, Ms. Stevens is enrolled in 6 hours in the fall of 2020. Therefore, Norman Public Schools is requesting a one year waiver enabling her to work as the school librarian at Whittier Middle School.

This waiver opportunity will enable us to meet our goal of providing every student the services of a highly qualified school librarian.

Therefore we respectfully seek a one-year Statutory Waiver to 70 O.S. § 3-126. Thank you for your consideration of this waiver. We appreciate your continued support, and will be happy to discuss the request in detail.

Sincerely,

Dr. Nicholas Migliorino, Superintendent

Mission: To prepare and inspire all students to achieve their full potential

Values: Integrity | Inclusiveness | Collaboration | Optimism

NAME OF WAIVER

A. Reason for the waiver/deregulation request (be specific).

Altus District is requesting a waiver for an elementary certified librarian position in the district because there were no certified applicants for the position posted.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

The alternative plan for this position is to place an experienced nationally certified teacher who is currently enrolled in classes to complete her LMS degree and certification as the LMS for Altus Intermediate School. This teacher has taken and passed her LMS certification test. She has two classes to complete this fall. She will receive her Masters Degree as an LMS in December of 2020.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

This will not have a negative educational impact on the district. This certified teacher will have the benefit of working closely with several other library media specialists in the district.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.
A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

Attached is the following:
Current list of classes enrolled for the Fall of 2020

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

There will not be a negative or positive financial impact for this proposed waiver/deregulation on this district for the 2020-2021 school year.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Brandi Waldroop, the proposed librarian for the 2020-2021 school year, will be evaluated using the Library Media Specialist TLE instrument. She will be observed and monitored by her administrators throughout the year.

July 12, 2020

To Whom It May Concern,

I am currently seeking the credentials necessary to become a certified librarian for the state of Oklahoma. I have completed the following steps:

I have taken and passed the OSAT for Library-Media Specialist and results were posted July 12th 2019.

I am currently a student at East Central University in Oklahoma and will complete my Masters program as a Library- Media Specialist In December of 2020.

Sincerely,

Brandi Waldroop

A handwritten signature in black ink, appearing to be 'Brandi Waldroop', is written over the printed name. The signature is stylized with a large loop and a long horizontal stroke extending to the right.

ANNUAL SCHOOL BOARD MEMBERSHIP REPORT

After each year's General elections and no later than 14 days following, each local school district superintendent must submit a completed Annual School Board Membership Report to the Accreditation Division of the Oklahoma State Department of Education. Superintendents should also submit this report any time there is a change in their local board membership such as a resignation or newly appointed member. If a school board seat is left off election is required, the membership report is due by May 15.

Altus Public Schools

August 20, 2020

Oklahoma State Board of Education:

The Altus Public School District is requesting a Library Media Specialist/Certification only waiver 70 O.S. 3-126 for the 2020-2021 school year. The Library Media Specialist job at Altus Intermediate School has been performed by Brandi Waldroop for the past year. She has performed those responsibilities well and will complete her Masters from East Central University in Library Media Science in December 2020. She has passed the Oklahoma LMS Certification test and is currently enrolled in fall classes.

We respectfully are making this request for the 2020-2021 school year and have included all of the documentation required for this Statutory Waiver.

Yours truly,

Roe Worbes
Superintendent of Schools

LM Specialist
NAME OF WAIVER

A. Reason for the waiver/deregulation request (be specific).

Dewey Elementary School (Grades PreK-5/approx. 600 students) lost the Library/Media Specialist this summer. We currently have an elementary teacher who has worked in our district for 13 years and has been enrolled and working towards attaining her Master's Degree for Library/Media Specialist. She will not complete her program until June 2021. This teacher is well respected within our district and we would very much like to keep her employed with us as she completes her requirements. We are requesting a 1-year waiver/deregulation from the certification requirements for Library/Media Specialist so that we can reassign her to the vacant position so that upon completion of her certification, she can serve our district for many more years as the Library/Media Specialist.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

The teacher for which we are requesting the waiver/deregulation, is a very good classroom teacher and very well respected by her peers, students and community members. We believe we can continue to provide library/media services to our students in the exact same manner than what we have accomplished in previous school years by reassigning this teacher to the vacant position.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

By receiving the waiver/deregulation and moving our existing employee into the vacant position, there will NOT be any negative educational impact. By allowing this reassignment, Dewey Elementary Schools will continue to provide library/media services to our students without interruption. There will be no impact on other sites within our district.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

The reassignment of our teacher to library/media specialist will occur on August 10, 2020 when teachers are to report for duty. The reassigned teacher will work as a full time library/media specialist within Dewey Elementary School for the duration of her contract which will begin on July 1, 2020 and commence on June 30, 2021.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

There is no financial impact on the district by reassigning the teacher as we are replacing an existing position within Dewey Elementary School.

F. Describe method of assessment or evaluation of effectiveness of the plan.

The reassigned teacher will be evaluated via the Tulsa Model as a Library/Media Specialist for the 2020-2021 school year. The impact and effectiveness of her employment will be determined based on the criteria set forth by the Tulsa Model Evaluation process.

NAME OF WAIVER

A. Reason for the waiver/deregulation request (be specific).

The district opened the position in the spring following the retirement/ resignation notice of the long-time Middle School Librarian. There were not any applications received from candidates with a Library Media Certification. The candidate selected is a current certified teacher with a strong background in English and Language content, and has committed to obtaining the LMS Certification within the required SDE timelines.

The candidate selected is Brenna R. Pierce.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

The position will continue to be staffed full-time by the Middle School Library Media Specialist, while she is working to obtain the LMS certification. During this time of the waiver, she will have additional support of other LMS certified personnel in the district (including the certified HS LMS).

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

We anticipate no negative impact on the district, as the new LMS at the Middle School will not be shared with other sites, and does not have any additional teaching assignments. She will be a full-time LMS. And she anticipates that she will complete her college/ university coursework as required for the LMS Certification by the 2021-2022 school year.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

The Middle School Library will continue to be accessible by students, teachers and staff during the normal school hours on a daily basis. It will also be available on an as-need/as-requested basis to students who have selected the options of Distance Learning and/or Virtual Learning.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

We do not anticipate any significant financial impact to the District, positive or negative, for this proposed waiver.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Effectiveness of the plan will be determined when the candidate completes the scheduled coursework and obtains the LMS certification. The assessment methods will be the normal observation of the library-media center in terms of access by students, teachers and staff, along with the routine TLE ratings of the LMS.

August 11, 2020

To Whom It May Concern:

It is my intention to attend the required classes to either attain my master's degree in Library Media or the alternative certification. I have recently applied for the alternative certification, but I am waiting for the approval. During the Summer 2020 term, I earned an A in the School Library Administration course that I completed. I have attached my Fall 2020 schedule with the class that I am currently enrolled in for the last 8 weeks of the term.

Thank you,

Brenna R. Pierce

Re: Cover Letter request for Library Media certification waiver
Seminole Middle School

Seminole Public School is requesting a waiver for Library Media Specialist/ waive certification only, per 70 O.S. § 3-126. The longtime LMS at Seminole Middle School retired at the end of the 2019-2020 school year; the position was posted, and no candidates applied with a current LMS certification. Ms. Brenna Pierce, a veteran certified Seminole PS Teacher with a strong background in English Language content was selected for the position. She has committed to complete the coursework necessary to attain LMS certification within the timelines as required by the State Department of Education.

This waiver request has been approved for submission, by the Seminole School Board of Education, and all documents are attached per the Statutory Waiver application instructions.

Thank you for your considerations of this waiver request.

Dr. Bob Gragg
Superintendent

NAME OF WAIVER

A. Reason for the waiver/deregulation request (be specific).

Sperry Public Schools' librarian of several years retired in the spring of 2020. The district quickly advertised for a librarian in local and regional newsprint and online service as well as on the district's website. Four individuals responded in the three months that the district sought applicants. A librarian with several years experience was offered the position, but was unable to finalize all employment requirements. Of the remaining candidates, the best fit for the district and for herself was Emily Eaton. The only problem is that Emily has not yet completed her Library Media and Information Technology, MS degree with Northeastern State University. Ms. Eaton already completed 10 hours of the program prior to being offered the position, maintained a 4.0 GPA, is currently completing 6 additional hours in the summer session, and has enrolled for Fall 2020 classes; therefore, district administrators recognized that she was serious about both the program and being a librarian as quickly as possible.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

The librarian will serve students throughout the district, and the district will use her recently acquired skills and knowledge to enhance and update the current media centers. The district plans to expand the media center's focus and plans to have the new librarian investigate etexts and online formats for expanding the resources students have available to them to enhance their learning experiences and better enable them to be confident as life-long learners who will utilize public and private media resources throughout their lives. The district's media centers have several useful resources for this goal, but the district administration hopes Ms. Eaton's recent exposure to the newest methods in fully utilizing the potential of the media center as a valuable tool in every student's academic success. With the advanced use of technology by students, the district plans critical thinking and effective reasoning skills to be a vital part of student learning skills in the information age.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

The district believes this waiver to permit Ms. Eaton to work as a librarian prior to completion of her program will provide district students with a dedicated and eager media specialist who will enhance their learning experiences in new ways through increasing their use of technology as a learning tool. The district foresees a rise in student awareness of available information around them via technological resources, and the potential dangers of misleading information and how easily a reliance on information from technologies can promote poor reasoning. Teaching appropriate reasoning and thinking skills to students throughout the district will ultimately improve their effectiveness on OSTP assessments, college entrance exams, and a wide range of work-related conflicts.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

The district is requesting a 3 year waiver for Ms. Eaton, although her determined efforts in her studies indicate she will not need all of that time to complete her program. The 3 year waiver will allow for any need for Ms. Eaton to slow or pause her studies temporarily as she begins this new endeavor. Ms. Eaton estimated 2 years to complete the program and receive her certification as a media specialist; therefore a request for a 3 year waiver will allow for any unforeseen need to extend her work up to an additional semester. It is the district's belief and intent to see that Ms. Eaton has completed her program and has become certified as a media specialist well before the termination of this waiver.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

There is no financial impact upon the district due to this waiver.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Ms. Eaton will be evaluated by an administrator with experience evaluating a media specialist and with knowledge of the current needs of the media centers as well as the district's goals to expand the centers' technological support of overall student education. A review of Ms. Eaton's college program and the time line for its completion will be a part of her evaluation.

To Whom It May Concern:

Please accept this letter explaining my intent to pursue my LMS degree and certification as part of the Oklahoma State Department of Education Statutory Waiver/Deregulation Application process. Although I have only held teaching positions in the past, I have accepted a position as the librarian at Sperry Public Schools for the 2020-2021 school year.

Since receiving my bachelor's degree in secondary English education, I have taught high school and middle school English for seven years. In the fall 2019 semester, I began taking classes in the Library Media and Information Technology master's program at Northeastern State University. This degree program is offered through online and blended classes on the NSU Broken Arrow campus. The entire program is 33 credit hours, which equals 13 different courses.

So far, I have finished four courses equaling 10 credit hours. This includes the fall 2019 and spring 2020 semesters. In summer 2020, I have taken/am currently enrolled in two courses equaling 6 credit hours. I intend to take the following credit hours in the future: 6 credit hours (two courses) in fall 2020, 6 credit hours (two courses) in spring 2021, and 5 credit hours (two courses, including capstone practicum) in fall 2021. This would fulfill my full 33 credit hour requirement, and I would graduate during the fall 2021 semester.

Before completion of my program, I will take the state exam to become certified as a librarian in Oklahoma. This would fulfill all of the state's requirements to become certified.

Thanks for your consideration. Please let me know if any other information is needed.

Sincerely,

Emily Eaton

Oklahoma City, Oklahoma 73105-4599
Via Fax: 1.405.522.1519

Accreditation Officers:

This cover letter is being submitted along with the deregulation application to request deregulation from 70 O.S. § 3-126, which relates to a certified teacher attending college/university to obtain Library Media Specialist certification exemption.

In summary, our request for deregulation is based on the district's need to hire a librarian. The district librarian of several years retired at the end of the 2019-2020 school year, and the district immediately began a search for a certified replacement. The district received few applications for the position, and an offer to hire was made, but did not work out. Of the other candidates, that of Emily Eaton showed the highest promise for meeting the needs of the district students. However, Ms. Eaton does not yet have her Library Media Specialist certification. She began a Library Media Specialist degree program through Northeastern State University in the fall semester of 2019. She is currently on track to complete the program at the close of the 2021 fall semester. Therefore, if her work remains as scheduled, the district should require this deregulation/waiver for Ms. Eaton only through December of 2021. The district will provide the office of Accreditation Standards Division with proof of enrollment for the fall 2021 semester and will verify Ms. Eaton's status for graduation in December of 2021 in the Library Media Specialist degree program.

The district has every confidence that Ms. Eaton will remain on schedule in the program and that she complete the program within a reasonable timeframe. Therefore we request this deregulation to allow Ms. Eaton to operate as our district librarian and provide necessary library media services to the students of our district.

Thank you for your attention to the matter and please let me know if you have questions or need additional information.

Respectfully,

Brian Beagles, Ed.D.

A. Reason for the waiver/deregulation request (be specific).

Four Union elementary sites (Boevers, Clark, Jarman, Jefferson) are requesting a waiver in order to employ a full-time Digital Literacy Specialist at each site. The Digital Literacy Specialist will hold a current Oklahoma elementary teaching certificate. In addition, each has committed to obtaining the degree/certificate required by the SDE.

To align with our district strategic plan of implementing additional technology in each classroom, the Digital Literacy Specialist will support teachers with the integration of hardware and software into classroom instruction.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

In a recent 2020 article, Forbes reports that U.S. public schools lost 19% of full-time equivalent school librarians. While it has become exceedingly challenging to find teachers, it has become nearly impossible to find those who also hold a current Library Media certificate. It is our philosophy and practice to look for the best qualified individual to provide leadership to our schools and instruction to our students rather than capitulate to hiring a candidate simply because he/she holds the required certificate. In addition, the district is striving to incorporate individualized instruction via technology resources as a means of differentiating lessons to students' specific needs. We looked at the challenges we faced in finding the "right fit" for our Library Media Specialist positions as an opportunity to reconceptualize the role to address the current expectations of using digital literacy resources. We believe this change will turn crisis into opportunity to increase the instructional benefits of the position to directly impact classroom instruction as our schools strive to work more efficiently and effectively to meet the needs of our diverse student populations.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

Each month the Library Media Specialists meet with the Digital Literacy Specialists for collaboration and curriculum development. The Digital Literacy Specialists will be afforded coaching in materials selection, budgeting, and best literacy practice from fully credentialed media specialists. We believe this is a good investment in the development of new staff while ensuring the collections and required expenditure were being monitored by a trained professional.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

Positive: We hope this plan allows us to qualify for a waiver with the full confidence of the Board that the instructional benefits will actually increase for students and teachers.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Quantitatively, we will monitor circulation numbers via Destiny Cloud (districtwide library management system), state and local literacy assessments, student engagement with digital curricula.

Qualitatively, we will monitor technology integration into regular classroom instruction. For example, the district purchased Discovery Science for its elementary science textbook adoption. The entire program is delivered online with no print media. The same is true for the district's STEM curriculum, Project Lead the Way. The curriculum relies solely on the use of iPads, apps, and online learning management system (Canvas). For students to gain full benefits from online learning, the students and the teachers must have the necessary support to transition from print to web-based resources. We believe the data, both quantitative and qualitative, will suggest that this change offers added value to the positions that are currently funded at each elementary site.

RELEASE: 6.0

Union Public Schools

Independent District #9

Kirt Hartzler, Ed.D.

Superintendent

August 4, 2020

Oklahoma Department of Education
Attn: Accreditation Division
2500 N. Lincoln Blvd.
Oklahoma City, OK 73105

Dear State Board Members,

Please consider the attached request for a statutory waiver (70 O.S. 3-126) for the Library Media program at four Union elementary schools: Boevers, Clark, Jarman and Jefferson. Under the proposed plan, we wish to employ four Digital Literacy Specialists in place of the Library Media Specialist positions.

This decision is two-fold. First, we have struggled to find multiple candidates who currently possess the required Library Media certificate. Second, we are constantly reading current journals to improve the quality of our instructional programs.

We ask that you consider our application as a solution to the growing shortage of credentialed Library Media Specialists and as a means of using existing, funded positions to increase the level of service and support to our students and teachers in the ever-increasing use of digital media resources.

Sincerely,

Kirt Hartzler, Ed.D.
Superintendent
